## **ABOUT AM CONSULTING**

AM Consulting is a career launcher and a mentoring platform for students, offering them the right guidance, mentorship, test preparation and counseling, thereby helping them realize their true potential. We work with our students in understanding their strengths and interests and accordingly design a career path for them. Your success is our number one priority and that's why we work hard in the entire study abroad process, right from helping you choose the best universities to guiding you in test preparation. Our strength lies in the personalized attention that we give to each and every application, thereby helping our students secure admits in the top universities around the world.

## **ABOUT OUR MENTOR**

Our mentor, Mr. Arjun Modi brings along with him vast amounts of knowledge and international experience. He has completed his MBA (Finance) from the University of New York, and has worked on Wall Street, giving him a deep understanding of the entire process of studying abroad. He is personally involved in the application process of each and every student, making sure the students get admitted to the top schools all around the world.

## **Our MENTORSHIP program:**

AM Consulting will be deeply involved in every stage of our students' study abroad journey.

-  We guide, counsel and prepare a customized career roadmap for each student
-  We offer test preparation with an extremely small batch size thereby giving highly personalized attention to our students
-  We work alongside the student to understand their interests, analyze their strengths, discuss the career options available and then help make the best choice possible
-  Our mentor, Mr. Arjun Modi keeps a track of the progress made by each and every one of our students and guides them even after they have started their courses abroad
-  We also help students secure internships while they are studying abroad by connecting them with our alumni
-  We also help our students secure accommodation abroad

-  **MASTERS PROGRAMS (MS)**
-  **UNDERGRADUATE PROGRAMS (BS)**
-  **MBA**
-  **PhD**
-  **DIPLOMA**
-  **DOCTOR OF MEDICINE (MD/MBBS)**

# OUR SERVICES

## 1. HOLISTIC CAREER COUNSELING

At AM Consulting, we work with our students in identifying their career goals and enlightening them on the skill sets they need to turn their dreams into a reality. Our expert counselors help our students understand their strengths and weaknesses, enlighten them about suitable career options available to them and finally get them admission into the best academic programs suiting their profile and career aspirations.

## 2. ESSAYS, LORS, SOPS, RESUMES

The application essays, letter of Recommendations (LORs), Statement of Purpose (SOP) and the resume are one of the most important parts of any student's university application process. The admission committee places tremendous weightage on each of them while making their admission as well as scholarship decisions. Hence, we at AM Consulting give a lot of importance to the University specific essays, LORs, SOPs, and the resumes of our students. Our team goes through every essay and personalizes it as per the student's profile. Once the essays are reviewed and assessed by our content team, our mentor, Mr. Arjun Modi personally goes through each one of them and finalizes them. The multiple stage process helps our students secure admits to the best universities world over.

## 3. APPLICATION 101

During the application process, we advise our students to apply to a good number of universities abroad. Each university and each program has extremely specific application requirements and hence it can get daunting for many students.

At AM Consulting, we guide and provide personalized attention the application process of each and every one of our students. We keep a track of each and every application deadline and other important university specific requirements that our students have to fulfill.

## **4. FINANCIAL PLANNING**

Education abroad is a huge financial investment and we understand that more than any other consultant out there. AM Consulting works with the students and their parents and helps them plan their financial strategy. We have tie-ups with various financial institutions, whereby we can help and assist the students to secure education loans at the most competitive rates possible.

AM Consulting also assists students with regards to their travel, insurance and forex requirements.

## **5. TEST PREPARATION**

We offer test preparation services for GRE, IELTS, TOEFL and SAT to our students. We offer highly personalized test preparation wherein the batch size is extremely small which results in individual attention for our students.

## **6. SCHOLARSHIPS**

We at AM Consulting strongly believe that every deserving student should get a chance to study abroad and make their dream a reality. We believe that no student should be left behind because of a lack of financial resources at his or her disposal. Hence, we at AM Consulting have come up with strategies and scholarship specific research to ensure that all our students are able to realize their dream of studying abroad.

## **7. PROFILE BUILDING**

We believe that every student has great potential but some don't work towards realizing that potential. At AM Consulting, we encourage and guide every student to build on their existing profile to help them strengthen their candidature which is needed in order to secure admits to the best universities abroad.

## **8. SCHOOLS AND PROGRAM SELECTION**

There are thousands of colleges, universities and schools all around the world offering a plethora of degrees, diplomas and courses. This can be extremely confusing and daunting for any student. At AM Consulting, we understand the student's career goals and aspirations and then accordingly help them select the universities that are best suited to their academic as well as financial position.

## **9. INTERVIEW PREPARATION**

A number of universities also conduct personal interviews with the students as part of their application. At AM Consulting, we do mock interview sessions with our students, helping them ace these interviews.

## **10. VISA COUNSELING**

Once our students secure admits to their dream universities, they have one final step to clear before they are on their way to greatness. That is getting their student visa. This is one of the most important steps in the whole study abroad application process. At AM Consulting, we assist our students in getting all the paperwork done, helping them with the visa application process and aiding them in showcasing their financial capabilities. Finally, we hold multiple rounds of mock VISA interviews with each of our students in order for them to secure their visa without any problem. This detailed visa counseling process ensures an outstanding success rate for our company.

## **11. PRE-DEPARTURE ORIENTATION**

Going abroad for further studies means a whole lot of excitement as well as anxiety for students. As the students move away from the comfort of their home and into a completely new setting, things can look daunting. We understand this and hence, we make sure to provide a pre-departure orientation to our students, guiding them about everything from studying, to working, to cooking, doing their laundry and about finding accommodation as well. Our mentor, Mr. Arjun Modi personally guides the students through the DO's and DON'T's for each and every country, thereby preparing the students and enabling them to have a wonderful study abroad experience.

## **12. POST LANDING SERVICES**

We believe in mentoring and guiding our students every step of the way, no matter where they are and in which part of the world. AM Consulting makes every effort possible to help our students in getting research or graduate assistantships, resume drafting services for internships as well as visitor visa counseling and travel arrangement services for parents. Finally we try our best to help our students to secure a job or internship with putting them in touch with past AM Consulting alumni.
